

Belgian manufacturer of custom electrical distribution boxes

Article Overview

Electric S.A., Keraf, and Pauwels Transformers are key Belgian manufacturers and suppliers of complete electrical distribution boxes.

Key Manufacturers

Electric S.A. is a prominent Belgian company offering a full range of electrical installation materials, including distribution boards, wall and cavity boxes, switches, sockets, circuit breakers, and connectors. They provide solutions for residential, commercial, and industrial projects, ensuring compliance with current safety standards and fast delivery across Belgium . Keraf specializes in electrotechnical products, including rubber-based distribution boxes, safety transformers, and lighting fixtures for construction and industrial applications. Their products are designed for durability and compliance with European standards . Pauwels Transformers focuses on the design and production of innovative three-phase distribution transformers and complete turnkey systems. They offer standard and specialized transformers, including environmentally friendly Bio-SLIM® models suitable for renewable energy applications, supporting both high- and low-voltage distribution needs .

Additional Options

Other Belgian companies provide distribution boxes and related electrical enclosures, such as Rittal, which offers power distribution systems and electrical enclosures for industrial and IT applications . For specialized construction-grade distribution boxes,...
