

# Central Asia Customized Cable Tray Price List

## Article Overview

Customized cable tray prices in Central Asia vary widely depending on material, size, coating, and supplier, typically ranging from \$15 to \$150 per meter for standard industrial trays, with higher costs for specialized finishes or heavy-duty designs.

### Pricing Overview

Cable tray prices are influenced by several factors:

- **Material:** Steel (galvanized, powder-coated, or stainless), aluminum, and fiberglass (FRP) are common. Steel is generally the most cost-effective, while FRP and stainless steel are more expensive due to corrosion resistance and durability requirements .
  - **Tray Type:** Ladder, perforated, ventilated, and wire mesh designs have different costs. Ladder trays for heavy loads are pricier than perforated or ventilated trays for lighter applications .
  - **Finish and Coating:** Hot-dip galvanizing, powder coating, and ZAM (Zinc-Aluminum-Magnesium) coatings affect price. Thicker coatings for harsh environments increase costs .
  - **Customization:** Custom sizes, shapes, and load capacities add to the price.
- Suppliers like JLH Electric and Apex Tray offer tailored solutions with rapid quotes and delivery options .
