

Chad Molded Cable Tray Processing Price

Article Overview

Molded cable trays, typically made from plastic, composite, or aluminum materials, have prices that vary by material, size, and customization, with international suppliers offering competitive rates.

Price Overview

Molded cable trays are available in various heights such as 25mm, 50mm, 75mm, 100mm, 150mm, and 200mm, and can be customized to non-standard specifications according to project requirements . The price depends on:

- Material type: Plastic or composite trays are generally more affordable, while aluminum alloy trays are more expensive but lightweight and durable .
- Dimensions and load capacity: Larger or thicker trays designed for heavy-duty cables cost more.
- Processing and customization: Special shapes like reducers, tees, or trunking ladders may increase the unit price. For reference, international suppliers like Holdee Electric Co., Ltd provide molded aluminum alloy cable trays with high-quality production standards and export capabilities, which can be shipped to countries like Chad . Prices are often quoted per meter or per unit, depending on the tray type and accessories.

Material Considerations

- Plastic/Composite Molded Trays: Resistant to corrosion, lightweight, and suitable for indoor or controlled environments....
