

Comparison of ONT Optical Network Terminal Anti-Static Price

Article Overview

ONT prices vary widely depending on type, speed, and vendor, ranging from around \$50 for basic GPON units to over \$500 for high-end XGS-PON models with advanced features.

Price Ranges by Vendor and Model

- Amazon offers plug-and-play ONTs suitable for home fiber setups, typically priced between \$50 and \$200, depending on speed and Wi-Fi integration . These units often include basic anti-static protection for safe handling.
- eBay lists both new and refurbished ONTs, including models like the Frontier GPON FOG421 and Adtran SDX632v XGS-PON, with prices ranging from \$80 to \$450, sometimes including free shipping . eBay is useful for finding discounted or hard-to-find models.
- Cisco Global Price List provides enterprise-grade ONTs, such as the NCS 1010 Optical Line Terminal, with prices typically above \$500, reflecting advanced features, higher throughput, and professional-grade anti-static design .

Factors Affecting Price

- Network Standard: GPON ONTs are generally cheaper than XGS-PON or multi-gig ONTs due to lower maximum throughput .
- Ports and Connectivity: Units with multiple Ethernet ports, USB, CATV, or POTS support cost more. Built-in Wi-Fi 6 or Wi-Fi 7 also increases price .
- Anti-Static Features: While most modern ONTs include basic anti-static protection,...
