

Construction site electrical distribution box assembly price

Article Overview

The cost to assemble a construction site electrical distribution box typically ranges from \$450 to \$1,900, depending on size, amperage, materials, and labor complexity.

Cost Breakdown

- Panel Box and Components
 - Standard panel boxes for construction sites generally cost \$150 to \$1,500 for parts, including the enclosure, breakers, and wiring .
 - Higher amperage or specialized panels (e.g., 200-400 amps, weatherproof or outdoor-rated) can push costs toward the upper end of the range .
- Labor Costs
 - Electricians typically charge \$40-\$100 per hour, with master electricians commanding \$100-\$150 per hour for complex installations .
 - Installing a distribution box can take 4-12 hours, depending on site complexity, conduit runs, and safety requirements, resulting in \$200-\$1,200 in labor .
- Additional Materials
 - Conduits, wiring, connectors, and mounting hardware can add \$100-\$500, depending on the number of circuits and distance from the main service .
 - Weatherproof or heavy-duty metal boxes for outdoor construction sites may cost \$200-\$450 .
- Permits and Inspections...
