

Costa Rica electrical distribution box model

Article Overview

Costa Rica offers a variety of electrical distribution boxes, including the Metalbox flush-mounted series and products from local suppliers like IESA and IMS Eléctrico.

Metalbox Distribution Boxes

The Metalbox range is a popular flush-mounted distribution box series suitable for conventional walls and hollow partitions. Key features include:

- Material: Thermoplastic body with stainless steel frame and door
- Protection: IP40 rating and IK07 impact resistance
- Temperature Resistance: GWT 650°C for conventional walls, 850°C for hollow partitions
- Capacity: 1 to 4 rows, 14 to 56 elements
- Design: Modern, discreet, functional, with reversible frame and door, 120° door opening, and optional lock system
- Installation: Can be linked horizontally or vertically, sealable, with removable plastic hinge and extractable chassis for easier wiring
