

# Dimensions of a 5kW Lighting Distribution Box

## Article Overview

A typical 5kW lighting distribution box is compact, often wall-mounted, with approximate dimensions of 400 × 300 × 200 mm, though exact sizes vary by manufacturer and configuration.

### Typical Dimensions and Form Factor

For a 5kW lighting distribution box, which is generally used for small commercial or residential lighting circuits, the enclosure is usually wall-mounted or flush-mounted. Common dimensions for such boxes are:

- Height: 400 mm
  - Width: 300 mm
  - Depth: 200 mm
- These dimensions provide sufficient space for the main breaker, branch circuit breakers, neutral and earth bars, and wiring clearance while maintaining compliance with safety standards ( ).

### Construction and Mounting

- Material: Often made of plastic or metal, depending on environmental and safety requirements ( ).
- Mounting Type: Can be flush-mounted inside a wall or surface-mounted on the wall surface.
- Protection Rating: Typically designed to meet IP or NEMA ratings for indoor use, p...
