

Dominican Republic Superficial Optical Cable

Article Overview

Superficial (aerial) optical fiber cables in the Dominican Republic are widely available through local suppliers, primarily imported from China, Spain, and Portugal, with multiple domestic distributors offering ADSS and G.652D cables for surface installations.

Trade and Availability

In 2024, the Dominican Republic exported \$31.9K of optical fibers and cables, mainly to Costa Rica, Colombia, and the United States, while importing \$19.1M, making it a significant net importer of optical fiber products . The primary import sources are China (\$12.6M), Spain (\$4.24M), and Portugal (\$1.33M), reflecting the reliance on international suppliers for high-quality optical cables .

Suppliers and Procurement

There are 27 verified optical cable suppliers in the Dominican Republic, offering a range of products including aerial and surface cables, patch cords, and connectors . These suppliers provide detailed shipment data, pricing, and direct contacts, enabling efficient procurement and risk-managed sourcing . Companies can leverage trade intelligence tools to benchmark prices, assess supplier reliability, and optimize freight routes.
