

European Style Vertical Cable Tray Quotation

Article Overview

European suppliers like Eurotray, Eurostrut, DKC Europe, Trayco, and Niedax Group offer vertical cable tray systems with quotation services for industrial and commercial projects.

Key Suppliers and Offerings

Eurotray Support Systems provides cable management solutions designed for vertical applications, capable of carrying heavier cable loads. Their systems include trays, mounting supports, connection parts, and fittings suitable for low, medium, and high voltage cables. They are commonly used in data centers, food manufacturing plants, and other industrial environments, with options for raised floor installations and turnkey solutions . Eurostrut offers hot-dip galvanized steel or stainless steel cable trays suitable for indoor and outdoor use. Their vertical cable trays are available in various widths, heights, and configurations, designed for fast installation and safe cable routing. Quotes can be requested directly via their webshop . DKC Europe is a European leader in cable tray systems, providing comprehensive solutions for civil and industrial infrastructures. They offer a wide range of energy protection, transport, and distribution systems, and can provide quotations tailored to project requirements . Trayco specializes in Belgian-made cable trays, mesh trays, and ladders. They provide consulting and optimization services, assisting in selecting the correct materials and offering customized solutions. Project-specific quotations are available through their advisers . Niedax Group supplies steel, aluminum, PVC, and GRP cable management systems with a full range of accessories. They offer technical consulti...
