

Fiber Optic Cable Junction Box Gasket Price

Article Overview

Fiber optic cable junction box gaskets are typically included in the enclosure price, with starting costs around ₹45 per piece in India.

Fiber optic junction boxes, also known as splice closures or termination enclosures, are designed to protect fiber splices from environmental damage, moisture, dust, and mechanical stress, and the gasket is an integral part of this protection. The price of these gaskets is generally bundled with the enclosure itself rather than sold separately.

Pricing Overview

- India Market: Suppliers on IndiaMART list fiber optic joint enclosures starting at ₹45–₹48 per piece, depending on the brand and specifications. Examples include S.L. Trading Co. and Sky Birds International offering units at ₹45 each, while Montronics Electronics starts at ₹48 per piece.
- Factors Affecting Price: The cost can vary based on:
 - Material: Polycarbonate, fiberglass-reinforced plastic (FRP), aluminum, or stainless steel enclosures affect gasket quality and sealing performance.
 - Capacity: Enclosures supporting more fiber cores (e.g., 48 to 1152 cores) may have larger or more complex gaskets, increasing cost.
 - Environmental Rating: IP68-rated closures for outdoor use with high resistance to water and dust typically include premium gaskets, which can raise the price
