

Fiber Optic Cable Pelletizing Machine Manufacturer

Article Overview

Several global manufacturers provide fiber optic cable pelletizing machines and complete production solutions, including Schäfer Group, Rosendahl Nextrom, Tensor Machinery, and suppliers listed on Europages.

Leading Manufacturers and Suppliers

1. Schäfer Group Schäfer offers processing lines and automation systems for fiber optic cable production, including semi-automatic and fully automatic solutions. Their equipment supports high-precision fiber cutting, ferrule connections, and tension-free cable feeding. The “SynchroLine” series enables fully automated production for large series with integrated quality monitoring, making it suitable for high-volume fiber optic cable manufacturing . 2. Rosendahl Nextrom Rosendahl Nextrom provides complete fiber optic cable production solutions, from fiber drawing and coating to ribbon making and loose tube cable assembly. Their machinery includes high-resolution monitoring systems to control fiber length and quality in real time, reducing scrap rates. They offer both full production lines and individual machines for specific process steps . 3. Tensor Machinery Ltd. Tensor specializes in fiber optic manufacturing solutions with over 30 years of experience. Their equipment includes SZ stranding lines, extrusion and jacketing lines, and peripheral equipment for armoring and yarn serving. Tensor machines are designed for low-tension handling, accommodating bend-sensitive and multimode fibers, and can be customized to meet specific production requirements . 4. Europages B2B Directory Europages lists over 30 suppliers of optical cable pelletizing machines, providing a platform to contact m...
