

Guatemala Grid Cable Management Company

Article Overview

Top companies in Guatemala for structured cabling, data centers, and electrical infrastructure include ZIPCOM, Lomax Technologies, Gauss, Interconexion de Empresas de Cable S.A., and SIECE.

Key Companies and Services

ZIPCOM Founded in 2002 in Chimaltenango, ZIPCOM specializes in structured cabling, data centers, and electrical installations for commercial and residential projects. They provide Cat6/Cat6A, Cat7/Cat7a, Cat8, and fiber optic cabling, along with racks, patch panels, cable labeling, and certification. ZIPCOM emphasizes quality, safety, aesthetics, and compliance with TIA/EIA and NEC standards, offering nationwide service in Guatemala . Lomax Technologies Lomax Technologies focuses on structured cabling in copper and fiber optics, delivering high-speed connectivity and turnkey solutions. They provide Cat5, Cat5E, Cat6, Cat6A, and eco-friendly cables, with support for Power Over Ethernet (PoE). Lomax is certified with major brands like Siemon, Panduit, and Supranet, offering up to 10-year material warranties and solutions for industrial, commercial, and office networks . Gauss Gauss specializes in design, construction, and maintenance of electrical distribution and transmission networks, including low, medium, and high voltage, as well as public lighting. They also handle telecommunications networks, including copper and fiber optic lines, cellular transmission sites, and civil works. Gauss serves both public and private sectors, providing preventive and corrective maintenance and comprehensive project management . Interconexion de Empresas de Cable S.A. This company provides ca...
