

High-density explosion-proof distribution box company

Article Overview

Reliable suppliers of high-density explosion-proof distribution boxes include Hexlonex, Extol International, Warom Technology, Inatex, and Atex Delvalle, all offering ATEX and IECEx certified solutions for hazardous areas.

Key Suppliers

Hexlonex offers durable explosion-proof distribution boxes and electrical enclosures certified for Zone 1 and Zone 2 hazardous areas, compliant with IECEx and ATEX standards. Their products are designed for industrial automation and electrical control systems, ensuring safety and high performance. Extol International provides a comprehensive range of explosion-proof control panels and distribution boards with Ex d / Ex'de flameproof protection, suitable for Zone 1 (21) and Zone 2 (22) hazardous areas. They offer enclosures in stainless steel, aluminium, and cast iron, with IP ratings from IP42 (indoor) to IP66 (outdoor). Warom Technology supplies high-performance explosion-proof distribution boxes for industrial automation and electrical control systems. Their products are designed for secure operation in demanding environments and are available through their offices in Dammam, KSA. Inatex specializes in hazardous area solutions, including IECEx and ATEX certified distribution boxes suitable for Zone 2 gas and Zone 21/22 dust hazardous areas. They focus on reliability and high-performance communication solutions for industrial applications. Atex Delvalle manufactures custom-made Ex local control stations and distribution boxes in stainless steel AISI 304L or 316L, GRP, and polyester. Their products are ATEX and IECEx certified, configurable for terminals, operators, and ca...
