

How are telecommunications cable tray companies

Article Overview

Telecommunications cable tray companies are experiencing strong growth, driven by industrial expansion, data center development, and infrastructure modernization, with a competitive global market led by North America, Europe, and Asia-Pacific.

Market Overview

Cable tray companies manufacture structural systems that support and organize electrical and telecommunication cables in commercial, industrial, and infrastructure projects. The global cable tray market was valued at approximately USD 5.4–6.4 billion in 2025 and is projected to grow to USD 7.3–7.34 billion in 2026, with forecasts reaching USD 13–16 billion by 2034–2035, reflecting a CAGR of 9.5–10.35% . Growth is fueled by urbanization, industrial electrification, renewable energy projects, and the rapid expansion of data centers and digital infrastructure .

Key Players and Regional Insights

Major manufacturers include Atkore International, Thomas & Betts (ABB Group), Legrand, Schneider Electric, Eaton, Hubbell, and Cope Cable Tray, among others . Regional expertise is significant:

- North America: Dominates the market with roughly 23–34% of global revenue, driven by utility infrastructure, industrial facilities, and data center expansion . Companies focus on innovation, quality, and compliance with local and internationa...
