

How much does a complete electrical distribution box cost in Fiji

Article Overview

A complete electrical distribution box in Fiji typically ranges from FJD 500 to FJD 5,000 or more, depending on size, capacity, and features.

Price Range and Factors

The cost of a distribution box in Fiji varies widely based on several factors:

- **Type and Capacity:** Residential single-phase boxes are generally at the lower end (around FJD 500–1,500), while commercial or industrial three-phase systems with higher amperage and multiple circuits can cost FJD 2,500–5,000 or more .
- **Material and Durability:** Weather-resistant or outdoor-rated enclosures carry a premium compared to indoor-rated units .
- **Components Included:** Complete boxes include circuit breakers, fuses, switches, and protective devices. Advanced units may also feature smart monitoring, digital displays, or remote control capabilities .
- **Customization:** Special mounting configurations, labeling, or integration with building management systems can increase the price .
- **Installation Costs:** Professional installation in Fiji may add several hundred FJD depending on complexity and location.

Local Suppliers

Several suppliers in Fiji provide distribution boxes and switchboards:...
