

How much does a power distribution box cost in Namibia

Article Overview

The cost of power distribution boxes and electricity meters in Namibia typically ranges from NAD 500 to NAD 5,000 depending on type, capacity, and installation requirements.

Power Distribution Boxes

Power distribution boxes, also known as consumer units or distribution boards, are essential for safely distributing electricity within a building. In Namibia:

- Residential distribution boxes generally cost between NAD 500 and NAD 2,000, depending on the number of circuits, brand, and quality.
- Commercial or industrial distribution boxes with higher capacity and more circuits can range from NAD 2,000 to NAD 5,000.
- Additional costs may include installation by a licensed electrician, which can add NAD 500–1,500 depending on complexity and location.

Electricity Meters

Electricity meters measure consumption and are typically supplied by the utility company:

- Prepaid meters for residential use usually cost around NAD 1,000–2,000, including basic installation....
