

# Huijue Fiber Optic Communication Products

## Article Overview

Huijue offers a comprehensive range of high-quality fiber optic communication products suitable for diverse applications, from data centers to FTTX networks.

### Product Range and Quality

Huijue manufactures a wide array of fiber optic components, including optical patch cords, connectors, optical splitters (PLC, fused, planar waveguide), and fiber optic adapters in SC, LC, FC, and ST types with UPC and APC polishing options. Their fiber optic cables cover indoor, outdoor, single-mode, multi-mode, and specialty types like butterfly and flexible cables, supporting standards such as G.652 and G.657a2. The company emphasizes high-quality, factory-direct products with options for OEM/ODM customization and small order quantities, even as low as a single piece.

### Optical Distribution Network (ODN) Equipment

Huijue also produces ODN products, including jumperless optical cross-connect cabinets, fiber distribution boxes, cable joint closures, and termination boxes, with core counts ranging from 8 to 48. These products are designed for FTTX network construction and provide operators with complete solutions for optical fiber access networks.
