

In-house manufacturer of circuit breaker distribution box cover plates

Article Overview

Paneltronics and VIOX Electric are notable in-house manufacturers offering custom and standard circuit breaker distribution box cover plates.

Paneltronics

Paneltronics specializes in custom OEM electrical panels and power distribution units, including cover plates for circuit breaker boxes. They provide fully integrated in-house manufacturing, from design to production, for applications in marine, military, off-highway, heavy truck, and industrial sectors. Their services include customizable enclosures, box-build assemblies, and power distribution panels, engineered to withstand harsh environments. Paneltronics emphasizes American-made quality, step-by-step testing, and design-for-manufacturing support, making them suitable for OEMs seeking tailored cover plates and distribution solutions (Paneltronics).

VIOX Electric

VIOX Electric manufactures high-quality stainless steel distribution boxes with in-house production capabilities. They offer 201, 304, and 316 stainless steel options, ensuring durability and corrosion resistance. Their distribution boxes include user-friendly designs with quick-access panels and modular components, which can be customized for specific applications. VIOX emphasizes IP-rated protection, flame-retardant materials, and ergonomic features, making them a reliable choice for both indoor and outdoor installations requiring custom or standard cover plates (VIOX El...

Article Content

Amazon : Circuit Breaker Cover
