

Indonesia Smart Terminal Distribution Box Manufacturer

Article Overview

Indonesia offers several reputable manufacturers of smart terminal distribution boxes, including PT Triyasa Mitra Engineering, PT Trimulia Sarana Agung, Youngo Electric, and Norden Communication, providing customizable, high-quality solutions for industrial, commercial, and residential applications.

Leading Manufacturers

PT Triyasa Mitra Engineering (TME) specializes in the MaxiBox series of electrical panels and enclosures. They provide fully customizable solutions, including free-standing panels, sheet steel outdoor panels with protective canopies, SMC/polyester reinforced fiberglass panels, and ABS enclosures. Their products are designed for durability, corrosion resistance, and compliance with high safety standards. TME also offers OEM services and technical support for project-specific requirements . PT Trimulia Sarana Agung (TSA) offers a wide range of electrical switchboards, cable support systems, and enclosures. Their Techno Module system is modular, compatible with all brands of electrical equipment, and continuously updated through type-testing to ensure the latest technology. TSA provides in-house design, manufacturing, and servicing capabilities, making them a one-stop supplier for smart and conventional distribution boxes . Youngo Electric has over 23 years of experience in manufacturing distribution boxes and metal enclosures. They focus on quality control, research and development, and producing reliable electrical enclosures suitable for various industrial applications . Norden Communication manufactures freestanding and wall-mounted distribution cabinets for telecommunication and ele...
