

North Asia Industrial Network Switch Manufacturer

Article Overview

Leading industrial network switch manufacturers in North Asia include Maisvch, Antaira Technologies, Konten Networks, YuHang, and ONV, offering rugged, high-performance Ethernet and PoE switches for industrial applications.

Key Manufacturers

1. Maisvch (China) Maisvch is a prominent industrial Ethernet switch manufacturer in China, providing managed, unmanaged, PoE, fiber optic, and DIN-rail switches. Their products are designed for extreme industrial environments, with features like high-performance switching chips, aluminum alloy shells, and resilience to temperature fluctuations, surges, vibrations, dust, and moisture. Maisvch supports OEM/ODM services and offers flexible port configurations including 10 Gigabit, Gigabit, and Fast Ethernet options. Their switches are certified with FCC, CE, and RoHS, suitable for global deployment . 2. Antaira Technologies (Taiwan) Antaira Technologies specializes in industrial networking solutions for harsh environments, including IP67-rated switches for dust and water resistance. Their product line includes high-speed, high-port-count switches capable of delivering up to 90W per port for demanding industrial devices. Antaira focuses on real-time network communication for industrial automation, intelligent transportation systems, and oil and gas monitoring, providing reliable and cost-effective solutions . 3. Konten Networks (Taiwan) Konten Networks offers OEM/ODM industrial Ethernet switches and networking devices, ranging from Fast Ethernet to 10 Gigabit, Layer 2 to Layer 3, and PoE solutions up to 95W. Their products are designed for transportation, railway, au...
