

North Macedonia offers free 1GB SD-WAN device

Article Overview

There is no confirmed offer for a free 1GB SD-WAN device in North Macedonia, but travelers and businesses can access affordable mobile data and SD-WAN services.

SD-WAN Services in North Macedonia

Businesses in North Macedonia can access SD-WAN solutions through providers like Connected Networks, which offer secure and efficient wide-area networking across cities such as Skopje, Bitola, Kumanovo, and Prilep . These services are designed for enterprises and include features like SASE (Secure Access Service Edge), bandwidth on demand, redundancy circuits, and global internet connectivity. SD-WAN provides a cost-effective alternative to traditional MPLS circuits, but it is typically a business-focused service, not a free consumer device.

Mobile Data and eSIM Offers

For travelers and individual users, mobile data in North Macedonia is very affordable compared to Western Europe, with strong 4G coverage in major cities and expanding 5G networks . Providers like T-Home (Makedonski Telekom), A1 Macedonia, and Lycamobile offer prepaid SIM cards and eSIMs that are easy to activate. International eSIM providers such as JetoGo offer \$10 in free credit, which can cover your first data plan in North Macedonia and works in 135+ countries . This promotion is limited and does not require a physical SIM card....
