

Outdoor cable tray installation unit price

Article Overview

Outdoor cable tray installation typically ranges from \$10 to \$50 per meter, depending on material, type, and installation complexity.

Material Costs

The cost of outdoor cable trays varies significantly based on the material used:

- Galvanized steel: Common and durable, generally \$5–\$25 per meter, suitable for most outdoor applications .
- Aluminum: Lightweight and corrosion-resistant, ideal for humid or coastal environments, typically \$6–\$30 per meter .
- Fiberglass (FRP): Highly resistant to harsh environments, priced \$10–\$50 per meter, offering long-term durability .
- Stainless steel: Most durable and corrosion-resistant, often \$20–\$100 per meter, used in extreme conditions . Coatings such as hot-dip galvanizing (HDG) or powder coating increase corrosion resistance and longevity but add to upfront costs .

Tray Types and Design

- Ladder trays: Open design, easier to install, ventilates cables, generally more economical for large-scale projects .
 - Solid-bottom trays: Provide extra protection for cables but are heavier and more labor-intensive to install .
 - Perforated trays: Lightweight and cost-effective, suitable for moderate cable loads .
- Tray size, load capacity, and routing complexity also influence the total cost....
