

Price list for fiberglass cable trays in Argentina

Article Overview

Fiberglass (FRP) cable trays in Argentina typically range from \$10 to \$25 USD per meter, depending on type, size, and supplier, with bulk orders potentially reducing costs.

Price Overview

Fiberglass cable trays, also known as FRP trays, are valued for their corrosion resistance, lightweight, and durability, making them suitable for industrial and outdoor applications . While exact Argentina-specific prices are not widely published, global pricing trends suggest:

- Standard ladder-type FRP trays: \$12–\$25 USD per meter
 - Perforated or wire mesh FRP trays: \$10–\$18 USD per meter
 - Custom sizes or high-resin trays: \$20–\$30 USD per meter
- Bulk orders or project-based procurement can often reduce the per-meter cost significantly .

Factors Affecting Price

- Material and Resin Type: Higher-quality resins for chemical or offshore environments increase cost .
- Tray Configuration: Ladder trays are stronger and more expensive than perforated or solid-bottom trays .
- Length and Width: Standard lengths are usually 2–3 meters; wider trays for heavy cable loads cost more
