

Price of optical cable well pulleys

Article Overview

Optical cable well pulleys typically range from \$50 to \$500 per unit, depending on type, material, and size.

Overview of Optical Cable Pulleys

Optical cable pulleys are essential for stringing fiber optic cables and other power transmission lines. They are made from materials such as steel, aluminum, cast iron, or MC nylon, designed to withstand heavy loads and harsh conditions . Common types include single pulleys, compound pulleys, V-groove pulleys, and timing pulleys, each suited for specific applications like lifting, tensioning, or guiding cables .

Price Factors

- **Material:** Steel and cast iron pulleys are generally more durable and slightly more expensive, while aluminum and nylon pulleys are lighter and may cost less .
- **Size and Load Capacity:** Larger pulleys with higher load ratings or specialized grooves (e.g., for OPGW or ADSS cables) cost more .
- **Customization:** OEM or custom pulleys with specific dimensions or features can increase the price .
- **Quantity:** Bulk orders often reduce the per-unit cost, while single units may be priced higher .

Supplier Examples

- **Alibaba:** Offers a wide range of optical cable pulleys, with prices typically starting around \$50–\$100 for standard small pulleys, and larger or specialized pulleys reach...
