

Price range of small electrical distribution boxes

Article Overview

Small electrical distribution boxes typically range from \$20 to \$200 depending on size, material, amperage, and safety features.

Pricing Overview

The cost of small electrical distribution boxes varies widely based on amperage capacity, number of circuits, material, and additional safety features. For residential and light commercial applications, prices generally fall between \$20 and \$100 for basic thermoplastic or metal enclosures with standard circuit protection. Higher-end models with advanced safety features, surge protection, or smart monitoring capabilities can cost up to \$200 or more .

Factors Affecting Price

- **Material:** Plastic boxes are usually less expensive, while metal enclosures offer higher durability and weather resistance, increasing cost .
- **Amperage and Circuits:** Boxes rated from 32A to 125A with multiple circuits are priced higher due to increased capacity .
- **Mounting Type:** Surface-mounted units are generally cheaper than flush-mounted options .
- **Safety Features:** Inclusion of residual current protection, surge protection, and proper earthing systems can raise the price .
- **Smart Features:** Remote monitoring, load management, and energy tracking add...
