

Relay Protection Device Direct Sales Manufacturer

Rear of the optical fiber distribution box

Article Overview

Leading companies for direct sales of relay protection devices include ABB, Siemens, Schneider Electric, GE Grid Solutions, SEL, Omron, Panasonic, Phoenix Contact, and GEYA.

Global Leaders in Protective Relays

- ABB, Siemens, and Schneider Electric dominate the market with extensive portfolios covering overcurrent, differential, arc-flash, and motor protection relays, serving utility-scale and industrial applications globally .
- GE Grid Solutions provides industrial and transmission sector relays, focusing on reliability and integration with smart grid systems .
- Schweitzer Engineering Laboratories (SEL) is a fast-growing, innovation-driven company offering adaptive and specialized protection solutions, particularly for advanced grid technologies .

Other Notable Manufacturers

- Omron: Offers high-precision power, signal, and solid-state relays for industrial machinery and control panels .
- Panasonic: Known for miniaturized and innovative relay solutions suitable for telecommunications and space-constrained applications .
- Phoenix Contact: Provides pluggable relays and solid-state modules for seamless integration into modern control cabinets

Article Content

Protective Relays

Protect critical components in your power system with a wide range of SEL protective relays covering applications and use cases

Top Companies in Protective Relay Industry

The research insight on Top Companies in Protective Relay Industry highlights the prominent players in the market. Get known &

Protective Relays Manufacturers and Suppliers in the USA

Welcome to this comprehensive resource for Protective Relays Suppliers and Manufacturers on Thomas. Here you can

Safety Relay Modules

Safety relay modules use monitoring logic, circuit protection, and redundant relays to provide fail-safe operation. Positive guided

Shop Relay Specialties

Relay Specialties, Inc. is one of the world's largest distributors of industrial electronic components, specializing in relays, switches,

Circuit Protection, Fuses, Power Control & Sensing

Littelfuse is a global manufacturer of leading technologies in circuit protection, power control & sensing.

Top Protective Relay Companies 2034 | Market Leaders

Explore top companies in protective relay market, market share, leading players, and strategic insights

Top 10 Protective Relay Manufacturers: Market Share

Analyze the top 10 protective relay manufacturers. Get VMR's proprietary analyst insights on

DC protection relay

Find your dc protection relay easily amongst the 37 products from the leading brands (ABB, AMOT, SONGZ, ...) on DirectIndustry,

SIPROTEC Protection Relays | Siemens

SIPROTEC: Multifunctional protection relays Experience the benchmark in grid protection, automation, and

Distance protection relay

Find your distance protection relay easily amongst the 11 products from the leading brands (SIEMENS,

Protection Relays | Medium & high voltage power system protection

Discover protection relays for generators, motors, transformers, feeders and busbars, designed for reliable and efficient power

Multifunction protection relay

Motor Protection Relay The device has been designed for continuous monitoring of electrical parameters in

Protection, Control & Metering

GE Vernova's Protection, Control, and Metering solutions deliver precise, high-performance automation for

37 Safety Relay Manufacturers in 2026

This section provides an overview for safety relays as well as their applications and principles. Also, please take a look at the list of

Digital protection relay

Digital protection relays Digital protection relays, also known simply as "digital relays", are made up of an

The Top 10 Relay Manufacturers List of 2026

Choosing the right relay manufacturer is as critical to your project's success as the

Top 10 Relay Manufacturers for December 2025

Discover the top 10 relay manufacturers for December 2024 with GEYA's curated list. Find industry-leading electrical components for

Relays-Online

ABB Relays-Online makes finding, selecting, ordering, and tracking of your next digital substation product order quick and easy. The

Protection relays

Numerical relays are based on the use of microprocessors. The first numerical relays were released in

Protection relays

Numerical relays are based on the use of microprocessors. Numeric relays are programmable. Most numerical relays are also multi

Transformer protection relay

Find your transformer protection relay easily amongst the 61 products from the leading brands (ABB, GE

Relays Manufacturers and Suppliers in the USA and Canada

Manufacturer of safety relays and relay modules. Products are available in DIN-rail and termination board mounting

Protection relays Germany | B2B companies and suppliers | europages

Your specialist dealer for industrial electrical engineering, such as: filter fans, cooling devices, cooling towers, connectors, time
