

# Sri Lanka Mesh Cable Tray Prices

## Article Overview

A meter of wire mesh cable tray in Sri Lanka typically costs between LKR 1,200 and LKR 6,000, depending on material, finish, and supplier.

### Price Range and Factors

The cost of a wire mesh cable tray in Sri Lanka varies based on several factors:

- **Material:** Mild steel and galvanized iron (GI) are common and more affordable, while stainless steel trays are corrosion-resistant but more expensive .
- **Finish:** Hot-dip galvanization increases durability in humid or coastal areas, which slightly raises the price .
- **Tray Type:** Wire mesh trays are generally cheaper than ladder-type trays but are suitable for lighter cable loads .
- **Supplier and Quantity:** Bulk orders or factory-direct purchases can reduce the per-meter cost, while small orders may carry higher markups .
- **Import and Shipping:** Some suppliers in Sri Lanka source trays from India or China, which can affect pricing due to freight and customs .

### Typical Costs

- **Galvanized steel wire mesh tray:** Approximately LKR 1,200–2,500 per meter
- **Stainless steel wire mesh tray:** Approximately LKR 4,000–6,000 per meter
- **Aluminum or coated trays:** Can exceed LKR 5,000 per meter depending on specifications .
