

Top Three Companies in the Optical Module Industry

Article Overview

Innolight, Coherent (Finisar), and Huawei are among the top three global optical module companies.

1. Innolight

Innolight, also known as Zhongji Innolight Co., Ltd., is a global leader in high-speed optical modules, specializing in 100G, 200G, 400G, and 800G modules for data centers and telecom networks. The company integrates R&D, design, packaging, testing, and sales, and maintains strong partnerships with major cloud providers like Meta, Google, and Amazon. Innolight has a leading market share in 200G and 400G products and was ranked first in the 2023 global optical module list by LightCounting .

2. Coherent (Finisar)

Coherent, which acquired Finisar, is a major U.S.-based optical module manufacturer. It provides a wide range of optical transceivers and coherent modules for telecommunications and data communication markets. Coherent has historically been a top competitor in the global market, ranking second in 2023, and is known for its strong presence in both telecom and enterprise optical networks .

3. Huawei...
