

Tunisian Vibration Sensor Optical Cable Manufacturer

Article Overview

Tunisia hosts several experienced cable manufacturers capable of producing specialized optical and industrial cables suitable for vibration sensor applications.

Key Manufacturers

1. KBE Elektrotechnik S.C.S KBE Elektrotechnik S.C.S specializes in automotive, solar, household appliance, and engineering cables. The company emphasizes high-quality production and holds ISO/TS16949 and IATF 16949 certifications, reflecting its capability in precision and industrial-grade cable manufacturing. While primarily focused on automotive and solar applications, their expertise in specialized cables suggests potential for custom optical or sensor cable solutions . 2. Tunisie Câbles (OneTech Group) Founded in 1978, Tunisie Câbles is a leading manufacturer of medium and low voltage cables, offering a broad range of industrial and specialized cables. They provide solutions for energy, telecom, data, and industrial applications, and are ISO-certified, ensuring high-quality standards. Their experience in industrial and specific cables makes them a strong candidate for vibration sensor optical cable production . 3. CHAKIRA CABLE CHAKIRA CABLE, part of the Elloumi Group, is an international leader in electronic, telephone, and special cables, operating in Tunisia and other countries. Their focus on specialized and telecom cables indicates potential capability in producing optical cables for sensor applications, including vibration monitoring systems . 4. Extra Câbles Extra Câbles emphasizes modern production equipment, R&D, and high-quality standards in the manufacture of electrical wires and cables. Their commitment to innovation and technical expertise positions them...

Article Content

TUNISIE CABLES | Electrical Cable Manufacturer

Part of OneTech group, Tunisie Cables is a leading manufacturer of medium and low voltage cables. We offer one of the broadest

Fiber optic vibration sensor for applications in the field of ground ...

In this paper a highly sensitive fiber optic vibration sensor was presented for the field of ground vibration measurement.

Electrical Cable Catalog | TUNISIE CABLES

Explore the Tunisie Cables catalog including industrial, telecom, low voltage and medium voltage cable

Rosenberger Tunisia

Together with more than 500 employees, Rosenberger Tunisia is manufacturing reliable products that meet the highest quality

CHAKIRA CABLE Tunisie | AS_PageTitle

CHAKIRA CABLE est leader international dans la fabrication des câbles électriques, téléphoniques et optiques,

Fiber Optic Sensors for Vibration Monitoring | Optromix

Get to know which fiber optic sensors offer precise measurement and monitoring of vibration for detection of the

Cables Manufacturing Supplier for Energy & Industrial Applications ...

We are a leading manufacturer of medium and low voltage cables. We offer one of the broadest and most comprehensive products

Fiber Optic Vibration Sensor for Environmental Monitoring

Fiber Optic Vibration Sensor for Environmental Monitoring Fiber optic vibration sensors that use existing fiber optic cables laid for

CHAKIRA CABLE Tunisia | Manufacture of electronic, telephone and ...

CHAKIRA CABLE is the Energy and Telecom division of the Elloumi Group cable branch. International leader in the manufacture of

Telecommunication Cable Suppliers in Tunisia | Top-Rated Providers

Need reliable telecommunication cables in Tunisia? Discover verified suppliers offering Cat6, UTP, and multipair

Tunisia Active Optical Cable Market (2025-2031) | Companies

Tunisia Active Optical Cable Market Trends and Opportunities The Tunisia Active Optical Cable (AOC) market is experiencing

Rosenberger Tunisia

Rosenberger Tunisia is the first subsidiary of the Rosenberger Group on the African continent. It was established in 2021,

52 Vibration Sensor Manufacturers in 2026

52 Vibration Sensor Manufacturers in 2026 This section provides an overview for vibration sensors as well as their applications and

Vibration Monitoring supplier Tunisia | Tunis, Sfax, Sousse,

Convenient Supply Solutions for Vibration Monitoring Products for resellers and dealers based in Tunisia serving Tunis, Sfax,

Elaboration and Characterization of a New Heavy Metal Sensor

The present study aimed to develop and characterize new heavy metal sensors functionalized by extracellular

Distributed Vibration Sensing Based on a Forward Transmission

For distributed fiber-optic sensors, slowly varying vibration signals down to 5 mHz are difficult to measure due to low

Sensor cables with state-of-the-art fiber optic sensors | Solifos AG

With distributed fiber optic sensors, the cable itself is the sensor. This enables reliable, continuous and seamless measurement of

Sensing: Customized Optical Fibers and High Precision

Fiber Optic Sensing Solutions for Extreme Environments Introduction to Fiber Optic Sensing Lightera is a

COFICAB in Tunis RP

COFICAB, established in Tunisia in 1992 by Mr. Hichem Elloumi, operates as a key entity within the larger ELLOUMI Group, a

KBE Elektrotechnik S.C.S | power in wire and cables | Tunisia

KBE Elektrotechnik S.C.S is the manufacturer of automotive and solar cables as well as cables for household appliances and

Vibration Sensors & Machine Monitoring | Hansford

Discover a wide range of high-performance Vibration Sensors & industrial accelerometers for Machine

Distributed Fiber-Optic Sensors for Vibration Detection

Distributed fiber-optic vibration sensors receive extensive investigation and play a significant role in the sensor
