

UAE Composite Optical Cable

Article Overview

Composite Optical Cables in the UAE are high-performance fiber optic solutions designed for telecommunications, data centers, and industrial applications, available from leading manufacturers like Premier Cables, Norden Communication, and Naficon.

Overview

Composite optical cables combine optical fibers with additional strength members or conductors, providing both data transmission and mechanical durability. They are widely used in long-haul, backbone, and all-dielectric applications, offering high tensile strength, crush resistance, and environmental protection suitable for the UAE's infrastructure projects .

Key Manufacturers and Suppliers in the UAE

- Premier Cables FZCO: Offers a wide range of optical fiber cables including direct buried, non-metallic duct, high fiber count, central loose tube, and dielectric self-supporting (ADSS) cables. Their cables feature dry-block construction, thixotropic jelly for water blocking, high tensile strength, and flexibility, making them suitable for backbone and long-haul networks .
- Norden Communication: Supplies composite cables for telecom and industrial applications, emphasizing quality and competitive pricing in the UAE market .
- Naficon Fiber Optic Manufacturing LLC: Based in Dubai, Naficon provides fiber optic solutions for broadband, FTTH, and data center networks, with ISO9001 certification and a strong regional presence
