

Western European Anti-corrosion Cable Tray Manufacturer

Article Overview

Leading Western European manufacturers of anti-corrosion cable trays include DKC Europe, Eurotray, Spina Group, OBO Bettermann, and Legrand, offering stainless steel, hot-dip galvanised, and advanced alloy-coated solutions.

Key Manufacturers and Offerings

DKC Europe is a European leader in cable tray systems, providing solutions for civil and industrial infrastructures with a focus on durability and corrosion resistance . Eurotray specializes in strong, cost-effective cable trays, ladders, and wire mesh trays suitable for large-scale installations. Their products comply with European and international standards, ensuring safety and long-term performance . Spina Group offers stainless steel, galvanised, and wire cable trays in closed, perforated, ladder, and wire-mesh types. Their systems are designed for high mechanical resistance, corrosion protection, and thermal expansion management, suitable for heavy-duty industrial and infrastructure projects . OBO Bettermann provides corrosion-resistant trays and fastening technologies, including wire mesh, perforated, and ladder-type trays for extreme environments. Their products comply with European safety standards and are widely used in construction, energy, and industrial facilities . Legrand focuses on high-resistance (HR) and hot-dip galvanised (HDG) cable trays, including ZnAl, ZnMg, and ZnNi coatings. These solutions offer superior corrosion protection, reduced friction for cable pulling, and long-term durability in aggressive environments
