

Western European secondary distribution box manufacturers

Article Overview

Key Western European manufacturers of secondary distribution boxes include Wieland, Gewiss, Weidmüller, and ELDI, offering modular, decentralized, and IEC-compliant solutions.

Leading Manufacturers

1. **Wieland Electric (Germany)** Wieland specializes in pluggable and decentralized electrical installation, providing distribution boxes suitable for power, signal, and I&C applications. Their products comply with IEC 61439 and support flexible, modular installation for smart buildings and harsh environments. Wieland offers both empty housings and pre-configured solutions, enabling quick deployment and integration with their gesis® and RST® installation connector systems for plug-and-play setups .
2. **Gewiss (Italy)** Gewiss produces a wide range of secondary distribution boards, including the QDX 630 and CVX 160 series, designed for modular and molded case circuit breakers. Their systems support energy connection, distribution, and derivation up to 630A, with a focus on safety, energy efficiency, and smart building integration. Gewiss emphasizes Italian design and turnkey solutions for residential and commercial applications .
3. **Weidmüller (Germany)** Weidmüller offers flexible, decentralized distribution boxes for power and signal transmission, with protection classes up to IP67. Their FieldPower® system combines busbar trunking and standard cables for safe, pluggable connections. Weidmüller provides modular enclosures for individual power distribution, including specialized versions for sensor-actuator networks and EX zones .
4. **ELDI (Latvia)** ELDI manufactures custom and standard di...
