

What are some Lithuanian manufacturers of explosion-proof distribution boxes

Article Overview

Currently, there are no widely documented Lithuanian manufacturers of explosion-proof distribution boxes; most suppliers are international, but local distributors may provide access to certified products.

Overview

Explosion-proof distribution boxes are critical for safely controlling and distributing electrical power in hazardous environments, such as chemical plants, oil and gas facilities, and mining operations. These boxes are designed to prevent sparks or high temperatures from igniting flammable gases or dust, and they typically comply with ATEX, IECEx, and other international standards.

International Manufacturers Commonly Available in Europe

While Lithuania may not have prominent manufacturers, several European and global companies supply explosion-proof distribution boxes that can be sourced locally:

- Bartec: Offers a wide range of explosion-proof enclosures, including Ex d (flameproof), Ex e (increased safety), and Ex i (intrinsically safe) solutions for hazardous areas, with custom configurations for low-voltage switchgear and motor control applications .
- Warom: Specializes in explosion-proof distribution boxes, lighting, and control equipment compliant with IEC, ATEX, and IECEx standards, suitable for petroleum, c...
