

Where are metal cable trays manufactured

Article Overview

Leading metal cable tray manufacturers in the USA include MP Husky, SILTEC, Atkore, Marlin Steel, Chalfant, EAE, and Legrand, offering a wide range of steel, aluminum, and stainless steel trays for industrial, commercial, and data center applications.

Key Manufacturers and Offerings

MP Husky is a founding member of the USA Cable Tray Institute and has over 55 years of experience manufacturing cable trays and cable bus systems. They produce aluminum, mill galvanized steel, hot-dipped galvanized steel, stainless steel, fiberglass, PVC-coated, single rail, and wire mesh trays. Their products meet NEMA, UL, CTI, and CSA standards and are widely used across industries . SILTEC specializes in stainless steel wire mesh and wire basket trays, focusing on hygiene-sensitive industries like food processing, as well as industrial and office applications. They operate a modern automated plant ensuring quality and flexibility in production . Atkore (US Tray) manufactures made-to-order cable trays per NEMA standards, including wire basket, I-beam, and C-channel trays. Their products are UL-certified and designed for industrial, commercial, and utility applications, with emphasis on customer service and logistics support . Marlin Steel produces precision-engineered wire mesh cable trays for data centers and industrial facilities. They use 100% U.S.-sourced steel and advanced robotic welding to ensure dimensional accuracy, structural strength, and scalability. Their trays support high-density cabling and thermal management in critical environments . Chalfant Manufacturing has been producing cable trays since 1945, offering ladder, wire mesh, and walkable trays. T...
