

Where can I find data center server racks in Bolivia

Article Overview

Bolivia's main data center server racks are located in El Alto, La Paz, and Santa Cruz de la Sierra, operated by providers such as Entel, Tigo DC, and Confiared.

Key Locations

El Alto: The state-owned telecom company Entel Bolivia launched a major data center in El Alto, covering approximately 4,500 square meters and equipped with 500kW generators. This facility supports both public and private companies, offering international security standards for data storage . **La Paz:** The La Paz metropolitan area hosts two data centers operated by local providers, offering services such as colocation, bare metal servers, and IaaS solutions . **Santa Cruz de la Sierra:** According to DatacenterMap, all other major data centers in Bolivia are concentrated in Santa Cruz de la Sierra. Operators include Tigo DC and Confiared, providing cloud, colocation, and connectivity services .

Overview of Operators

- Entel Bolivia: State-owned, with a large facility in El Alto and ongoing fiber expansion across the country .
- Tigo DC: Offers colocation and cloud services in Santa Cruz de la Sierra .
- Confiared: Another key operator in Santa Cruz de la Sierra, providing enterprise-grade data center services
