

Which Saudi Arabian electrical distribution box is the best

Article Overview

For Saudi homes and commercial buildings, Coloria's DesertShield series and Bahra Electric distribution boards are among the top choices due to their safety, durability, and climate resilience.

Top Recommendations

1. Coloria DesertShield Series

- Designed specifically for Saudi Arabia's harsh climate, with UV-stabilized, heat-resistant thermoplastic casing and galvanized steel internal components that withstand temperatures up to 60°C and resist corrosion in coastal areas like Jeddah .
- Certified to IEC 60439 and SASO standards, ensuring compliance with both international and local safety regulations .
- Ideal for homes with high-power appliances, air conditioning, and smart home systems.

2. Bahra Electric Distribution Boards

- Features anti-oxidation bus bars and durable switches for long-term reliability.
- Conforms to IEC 61439-1&3 standards and undergoes rigorous international testing .
- Provides robust protection against overloads and short circuits, suitable for both indoor and outdoor applications.
- Weatherproof and capable of handling multiple phases and high current loads, making it suitable for villas, apartments, and commercial buildings....
