

Which company is best for installing ground cable trays

Article Overview

Niedax Group and MP Husky are among the top companies for professional ground cable tray installation, offering full-service solutions and NEC-compliant systems.

Niedax Group

The Niedax Group is a global leader in cable management systems, providing steel, aluminum, PVC, and GRP cable trays along with full installation services . They specialize in planning, engineering, and assembly for complex industrial and energy projects, ensuring compliance with safety standards and NEC requirements. Their subsidiaries, such as Rico Engineering, handle detailed project management, including cable routing, load calculations, and grounding considerations . With operations in over 30 countries, Niedax offers local support and expertise for large-scale installations.

MP Husky

MP Husky provides NEMA VE 2-2013 compliant cable trays and installation services . They focus on proper planning, support systems, cable fill calculations, and grounding, ensuring that installations are safe and durable. MP Husky emphasizes inspection and maintenance, making them suitable for facilities that require long-term reliability and adherence to electrical codes.
