

Which company makes the best explosion-proof electrical distribution boxes in New Zealand

Article Overview

Top manufacturers for explosion-proof electrical distribution boxes in New Zealand include Pepperl+Fuchs, Supermec, Hexlon, and R. STAHL, all offering ATEX and IECEx certified solutions for hazardous areas.

Leading Manufacturers

Pepperl+Fuchs Pepperl+Fuchs offers Ex d (flameproof) and Ex tb (dust-protected) terminal and junction boxes suitable for Zone 1, Zone 2, Zone 21, and Zone 22 hazardous areas. Their enclosures are made from copper-free aluminum and stainless steel, providing high corrosion resistance, impact strength, and long-term durability. They are widely used in oil and gas, offshore, chemical, and hygiene-critical environments. The modular design allows tailored configurations with various terminals and cable gland options, ensuring reliable explosion protection and ease of installation and maintenance . **Supermec** Supermec produces ATEX-certified explosion-proof enclosures, including the EJB A, EJB S, and CSD series. These are designed for chemical and petrochemical plants, offshore platforms, and refineries. Their enclosures are engineered to withstand highly corrosive environments while providing long-term functionality for power distribution, monitoring, and control in hazardous atmospheres . **Hexlon** Hexlon offers durable explosion-proof distribution boxes and electrical enclosures certified under IECEx and ATEX for Zone 1 and Zone 2. Their products are designed for industrial applications requiring robust protection...
