

Which manufacturer makes the best U-shaped cable trays

Article Overview

Top manufacturers for U-shaped cable trays include Atkore International, Unistrut, Øglænd System, ABB, and SFSP, known for high-quality materials, durability, and compliance with international standards.

Leading Manufacturers

Atkore International is recognized for industrial-grade cable management solutions, offering galvanized, stainless steel, and fiberglass cable trays with extended warranties and customizable options suitable for construction and infrastructure projects. Unistrut provides modular, easy-to-install U-shaped cable trays with excellent corrosion resistance and flexibility. Their trays are available in mild steel, stainless steel, and aluminum, with finishes like hot-dip galvanization, epoxy, or powder coating, making them ideal for both indoor and outdoor applications. Øglænd System manufactures cable trays in stainless steel, galvanized steel, aluminum, and fiberglass composites. Their products feature slot patterns for efficient cable positioning and come with a wide range of brackets and fittings for stable installation in diverse industrial and offshore environments. ABB offers a comprehensive range of cable tray systems, including U-shaped designs, produced in Canada and Saudi Arabia. ABB trays are reliable, adaptable, and easy to maintain, supporting medium to ultra-heavy-duty installations while minimizing cable insulation damage. SFSP produces steel-based cable trays compliant with BS EN, NEMA, and international cabling standards. They offer pre-galvanized, hot-dip galvanized, stainless steel, and aluminum trays in various thicknesses, ensuring durability, fast installation, and cos...
